# COMPANY PROFILE

From its incorporation in 1987 as a small weaving mill, over the last 33 years Kohinoor Mills has evolved into one of Pakistan's largest vertically integrated textile operations with an approximately 1850 employees and annual turnover of Rupees 12 Billion. Spread on about 125 acres state of the art facility near Lahore.

We supply over 70 million meters of world-class grey, white and dyed fabrics

to leading fashion brands and retailers around the globe. The company is involved in three major businesses; Weaving, Dyeing & Finishing and Energy.

The company's board and management aim to create superior value for Kohinoor's customers, shareholders and suppliers without compromising commitment towards the safety, health and environment of the communities in which it operates.

# WEAVING DIVISION

Kohinoor Weaving (KW) is the flagship division of the company. Set up as a small 48 looms project on a green field site in 1988, it has now grown into a state of the art facility with 258 high-speed air jet looms from Toyoda and Picanol.

The division produces over 40 million meters of grey fabric per annum, which is partially consumed upstream by the Dyeing division, while the rest is exported to clients in Europe, Asia and non traditional markets like Russia and Africa. KW has also diversified its operations into Jacquard and Dobby fabrics for the local fashion industry and fashion brands in the US and Europe.

## DYEING & FINISHING DIVISION

Kohinoor Dyeing (KD) was set up in 2002 after a strategic decision by the company to move up the apparel value chain and compete with processing mills in Europe where manufacturing costs were becoming uncompetitive. After 17 years of operations KD is now a market leader in cotton stretch fabrics for the fashion industry.

Through our R&D facility we have developed innovative fabrics and hand-feel finishes which have enabled us to become key suppliers for leading global brands like Zara, Levi's, Ralph Lauren, American Eagle and Next.

The division has capacity to produce 4 million meters of dyed, white and print fabric every month using cutting edge European machinery from Benninger and Monforts.

# ENERGY DIVISION

Pakistan is a developing country that faces energy shortages and outages; this is very detrimental to industrial production. In 2003 Kohinoor Genertek was set up as an independent power plant to supply un-interrupted electricity to the other divisions of the company.

The division has an installed capacity of about 30 Mega-Watts electricity and 30 ton per hour steam, which can be produced on a variety of fuels such as gas, furnace oil, coal and biomass depending on price and seasonal availability.

# OUR VISION

To create sustainable growth and co-existence for our shareholders, customers, suppliers, the communities we operate in and the environment.

# OUR MISSION

The company shall achieve its mission through a continuous process of sourcing, developing, implementing and managing cutting edge technologies along with industry best practices and top human resources to create innovative products and services for our customers while adding positive value for our stakeholders, suppliers and the communities we operate in.

# BUSINESS ACTIVITIES

Kohinoor Mills is principally engaged in three major components of textile manufacturing; Dyeing & Finishing, Weaving and Energy. The company exports grey, white and dyed fabrics to leading fashion brands and trading companies around the world. The company also operates an independent power plant to supply uninterrupted energy to its textile operations.

## CHAIRMAN'S REVIEW REPORT

I am pleased to present the report on the overall performance of the Board and effectiveness of its role in achieving the Company's objectives as well as ensuring overall compliance of the Companies Act, 2017 and Listed Companies (Code of Corporate Governance) Regulations, 2017. The Board performed its duties with honesty and diligence in the best interest of the Company. I as Chairman of the Board, ensured that the board meetings are held in a congenial atmosphere focusing on achieving the goals.

During the year under review, your company faced many operational challenges especially due to prevailing circumstances caused by Covid-19 outbreak in the second half of the financial year ended June 30, 2020. The Management of your Company is putting its best efforts to maintain its profitability and market share. Moreover Government positive action towards textile reforms in prevailing situation will play a vital role.

The composition of the Board of Directors reflects mix of varied backgrounds and rich experiences in the fields of business, finance, banking and human resource. It represents an excellent balance of executive and non-executive directors including independent directors, having strong financial and analytical abilities, core competencies and industry knowledge to lead the company.

During the year, Board of Directors focused on the future strategies and on setting the financial and operational targets. The Board regularly tracked the progress against the budgeted targets. The Subcommittees of the Board also performed their functions as per their terms of reference during the year under review. The Board carried out reviews of its effectiveness and performance during the year which have been satisfactory.

As stated above, Board considered all aspects of Company's activities including performance of individual Directors, Board Committees and I am happy to report that your Board of Directors continue to function effectively and is focused on priorities for the Company's business.

# DIRECTORS' REPORT

The Directors of Kohinoor Mills Limited are pleased to present the Annual Report, together with the audited financial statements and Auditors' Report thereon for the year ended June 30, 2020.

## Textile Industry Outlook

The textile industry showed promising results early in FY20 with an increasing export growth rate of 0.2% in the first quarter to 0.5% in the second quarter. The Covid-19 crisis wreaked havoc on Pakistan's economy in the third quarter of the year which led to a sharp drop in the growth rate to -8.4%. This decline was consistent with the overall decline in the total exports of Pakistan which shrunk by 7.21%. The Textile industry exports contributes 57% of the total exports of Pakistan. During this fiscal year, Pakistan's exports were valued at US\$ 22.5 billion compared with US\$ 24.25 billion in FY19.

The global volatility created by the pandemic, especially in high spending societies, has altered the buying habits of the general population. People appear more inclined towards saving and spending on basic necessities, which negatively affected the demand and export of the textile sector and led to a delay in orders across the board. In line with other emerging markets, Covid-19 has had an adverse impact on Pakistan's economy.

In order to counter the impacts of the pandemic, the government took a number of initiatives including timely release of Drawback of Local Taxes and Levies, customs rebate and sales tax refunds, availability of borrowing at reduced rates and deferment of loans, which saved the industry immediate disastrous consequences. The decision of the government to restart the industry post Covid-19 at the right time and limit lockdowns to smart lock downs in high risk areas allowed the necessary manpower to run the labor intensive industry also played a major role in the recovery of the sector. However, the change in spending dynamics of people, along with incentives offered by governments in competitor countries to their textile sectors is likely to keep the profitability of Pakistan's textile industry under pressure.

The company also discharged its social and ethical responsibility regarding the Covid-19 crisis without any compromise in work quality by employing latest communication technologies. Online meeting and work from home policies not only saved the workforce from the fatal disease but also contributed to overall objective of prevention of the pandemic.

## Operating & Financial Results

During the financial year ended 30 June 2020, your company earned a gross profit of Rs. 1,866 million on sales of Rs. 11,997 million, compared to a gross profit of Rs. 2,013 million on sales of Rs. 13,952 million for the previous financial year. During the financial year ended 30 June 2020, your company recorded a net profit of Rs. 365.2 million (EPS: Rs. 7.17 per share), compared to net profit of Rs. 728.8 million (EPS: Rs. 14.31 per share) in the previous financial year.

## Dividend

In order to rebuild the working capital of the company and to cater for unforeseen contingencies that may arise due to the Covid-19 pandemic, your directors have regrettably decided to omit payout of dividend this year.

## Performance Overview

A brief overview of performance of your company for the year ended 30 June 2020 is discussed below:

### Weaving Division

The Weaving Division stood its ground in the current financial year despite the Covid-19 pandemic and was able to maintain its gross turnover in the current financial year from Rs. 6,446 million (FY19) to Rs. 6,511 million (FY20). Although there was a slight decrease in local sales from Rs. 3,531 million to Rs. 3,263 million, increase in export sales from Rs. 2,914 million to Rs. 3,248 million compensated the decrease in local sales.

Resuming operations after lock down, this division is operating at its full capacity and is foreseeing that this capacity utilization trend will continue for the next financial year. Further, in continuance of its BMR project, the management of the company has decided to further replace its existing, old looms with 62 new air jet looms. These high speed looms will help the company to achieve better operational efficiency.

### Dyeing Division

The effects of the global economic slowdown caused by the Covid-19 pandemic are visible in the Dyeing Division as well. Due to the global recession, some of the division's export orders were deferred, which negatively impacted the performance of the division.

However, the effects of the pandemic have started to ease off and consequently international brands have started to resume their retail operations. Keeping in view the trend of economic recovery, the company is hopeful that it will achieve utilization of 80% of the Dyeing Division's operating capacity in FY21.

### Genertek Division

The Government of Pakistan has revised the electricity tariff to 9.0 US cents per KWH from 7.5 US cents per KWH, effective from Sep 2020 for export oriented sectors. While the prices for gas remained unchanged at US\$ 6.5 per MMBTU. These prices will remain applicable for rest of FY 20-21. As the new electricity tariff is 20% higher than the previous tariff, it would cause profit margins of the company to decline in FY21.

#### Future Prospects

Presently, textile industries across the world are facing huge challenges, owing to prolonged pandemic which manifested as either an extended first wave in some economies or recurrent waves in others. The impact of the pandemic has also adversely affected emerging markets including Pakistan.

Although the magnitude of this crisis is huge, our government has taken a number of initiatives to overcome the situation, including supply of gas and electricity to the export industry at regionally competitive rates, continuation of the Prime Minister's export package of 2017, expeditious sales tax refunds and duty drawbacks, low rates for export refinancing schemes and deferment of long term loans. All these measures helped the industry navigate the current pandemic situation. Cash flow problems caused by removing the zero-rating was offset by timely released of sale tax refunds, but long term adherence of this policy is still a question mark.

Factors such as foreign markets recovery, discount rate adjustment from 13.25% to 7.00%, exchange rate adjustment from Rs 160.05/\$ at the start of year to Rs 168.00/\$ at the end, quick adaptation to the global market scenario, especially with competitors and overall recovery from the pandemic will likely have an impact on the textile industry as well.

Due to temporary shutdowns caused by the pandemic in March 2020, your company was not able to reap the benefits of investment in BMR projects. Decrease in demand and increased absorption of fixed cost owing to unutilized production capacities in depressed periods left the company with additional burdens on the bottom line. However, over the next year, the management is confident the company will be able to take advantage of capacity utilization and to operate at a capacity level which will bring down the cost of production.

The company works with brands who are financially healthy and remain committed to keeping their supply chain afloat. The management team is putting together a plan to minimize the effects of the pandemic and emerge as winners in this challenging situation. The prospective order position for FY21 is quite promising and supportive to the aim of operating at high capacity levels. Keeping in view the aforesaid measures taken by the management, and the Government's positive action towards textile reforms, we are confident in maintaining our market share in FY21.

## Auditors

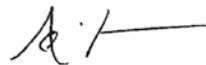

The external auditors of the company, M/s Riaz Ahmad & Company, Chartered Accountants shall retire on the conclusion of forthcoming Annual General Meeting. Being eligible for re-appointment under the Companies Act, 2017, they have offered their services as auditors of the company for the year ending June 30, 2021. The Board of Directors endorsed its recommendations of Audit Committee for their re-appointment.

The auditors have conveyed that they have been assigned satisfactory rating under the Quality Control Review Program of the Institute of Chartered Accountants of Pakistan and registered with the Audit Oversight Board of Pakistan. The firm is fully compliant with the code of ethics issued by International Federation of Accountants (IFAC). Further they are also not rendering any related services to the company. The auditors have also confirmed that neither the firm nor any of their partners, their spouses or minor children at any time during the year held or traded in the shares of the company and that no partner of the firm or person involved in the audit are close relative i.e, spouse, parents, dependents and non-dependents children of the CEO, the CFO, the head of internal audit, the company secretary or a director of the Company.

## Acknowledgment

The board places on record its profound gratitude for its valued shareholders, banks, financial institutions and customers, whose cooperation, continued support and patronage have enabled the company to strive for constant improvement. During the period under review, relations between the management and employees remained cordial and we wish to place on record our appreciation for the dedication, perseverance and diligence of the employees of the company.

# INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Kohinoor Mills Limited

## Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Kohinoor Mills Limited (the Company) for the year ended 30 June 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2020.

# INDEPENDENT AUDITOR'S REPORT

To the members of Kohinoor Mills Limited

## Report on the Audit of the Financial Statements

### Opinion

We have audited the annexed financial statements of Kohinoor Mills Limited ('the Company'), which comprise the statement of financial position as at 30 June 2020, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2020 and of the profit, other comprehensive loss, the changes in equity and its cash flows for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ('the Code') and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| Sr. No. | Key audit matters  | How the matter was addressed in our audit   |
|---------|--|---|
| 1       | <p><b>Inventory existence and valuation</b></p> <p>Inventory as at 30 June 2020 amounted to Rupees 2,559.059 million, break up of which is as follows:</p> <ul style="list-style-type: none"> <li>- Stores, spares and loose tools Rupees 609.273 million,</li> <li>- Stock - in - trade Rupees 1,949.786 million.</li> </ul> <p>We identified existence and valuation of inventory as a key audit matter due to its size, representing 24.86% of total assets of the Company as at 30 June 2020, and the judgment involved in valuation.</p> <p>Inventories are stated at lower of cost and net realizable value.</p> <p>For further information on inventory, refer to the following:</p> <ul style="list-style-type: none"> <li>- Summary of significant accounting policies, Inventories note 2.17 to the financial statements.</li> <li>- Stores, spares and loose tools note 20 and Stock-in-trade note 21 to the financial statements.</li> </ul> | <p>Our procedures over existence and valuation of inventory included, but were not limited to:</p> <ul style="list-style-type: none"> <li>• To test the quantity of inventories at all locations, we assessed the corresponding inventory observation instructions and participated in inventory counts on sites. Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the management;</li> <li>• For a sample of inventory items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets;</li> <li>• We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded invoice;</li> <li>• On a sample basis, we tested the net realizable value of inventory items to recent selling prices and re-performed the calculation of the inventory write down, if any;</li> <li>• We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory;</li> <li>• In the context of our testing of the calculation, we analysed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs; and</li> <li>• We also made enquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.</li> </ul> |

| Sr. No. | Key audit matters   | How the matter was addressed in our audit   |
|---------|---|---|
| 2       | <p><b>Revenue recognition</b></p> <p>The Company recognized net revenue of Rupees 11,997.808 million for the year ended 30 June 2020.</p> <p>We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicator of the Company and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets.</p> <p>For further information, refer to the following:</p> <ul style="list-style-type: none"> <li>- Summary of significant accounting policies, Revenue recognition note 2.21 to the financial statements.</li> <li>- Revenue note 28 to the financial statements.</li> </ul> | <p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> <li>• We obtained an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue;</li> <li>• We compared a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery documents and other relevant underlying documents;</li> <li>• We compared a sample of revenue transactions recorded around the year-end with the sales orders, sales invoices, delivery documents and other relevant underlying documentation to assess if the related revenue was recorded in the appropriate accounting period;</li> <li>• We assessed whether the accounting policies for revenue recognition complies with the requirements of IFRS 15 'Revenue from Contracts with Customers';</li> <li>• We compared the details of a sample of journal entries posted to revenue accounts during the year, which met certain specific risk-based criteria, with the relevant underlying documentation; and</li> <li>• We also considered the appropriateness of disclosures in the financial statements.</li> </ul> |

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

### 2.1 Basis of preparation

#### a) Statement of compliance

These financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The Accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### b) Accounting convention

These financial statements have been prepared under the historical cost convention, except as otherwise stated in the respective accounting policies.

#### c) Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company’s accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company’s financial statements or where judgments were exercised in application of accounting policies are as follows:

### Financial instruments – fair value

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on assumptions that are dependent on conditions existing at the reporting date.

### Useful lives, patterns of economic benefits and impairment

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of assets for possible impairments on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment and investment property with a corresponding effect on the depreciation charge and impairment.

### Income tax

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

### Inventories

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made on each reporting date on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

### Provisions

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

### Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

### Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

d) Standards, interpretations and amendments to published approved accounting standards that are effective in current year and are relevant to the Company

Following standards, interpretations and amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2019:

- IFRS 16 'Leases'
- IFRS 9 (Amendments) 'Financial Instruments'
- IFRIC 23 'Uncertainty over Income Tax Treatments'
- IASB's Annual Improvements to IFRSs: 2015 – 2017 Cycle

The above mentioned accounting standards did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

e) Standard and amendments to published approved accounting standards that are effective in current year but not relevant to the Company

There are other standard and amendments to published standards that are mandatory for accounting period beginning on or after 01 July 2019 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) Amendments to published approved accounting standards that are not yet effective but relevant to the Company

Following amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2020 or later periods:

Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS. In addition, the IASB has also issued guidance on how to make materiality judgements when preparing general purpose financial statements in accordance with IFRS.

On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework. The new Framework: reintroduces the terms stewardship and prudence; introduces a new asset definition that focuses on rights and a new liability definition that is likely to be broader than the definition it replaces, but does not change the distinction between a liability and an equity instrument; removes from the asset and liability definitions references to the expected flow of economic benefits—this lowers the hurdle for identifying the existence of an asset or liability and puts more emphasis on reflecting uncertainty in measurement; discusses historical cost and current value measures, and provides some guidance on how the IASB would go about selecting a measurement basis for a particular asset or liability; states that the primary measure of financial performance is profit or loss, and that only in exceptional circumstances will the IASB use other comprehensive income and only for income or expenses that arise from a change in the current value of an asset or liability; and discusses uncertainty, derecognition, unit of account, the reporting entity and combined financial statements. The Framework is not an IFRS standard and does not override any standard, so nothing will change in the short term. The revised Framework will be used in future standard-setting decisions, but no changes will be made to current IFRS. Preparers might also use the Framework to assist them in developing accounting policies where an issue is not addressed by an IFRS. It is effective for annual periods beginning on or after 1 January 2020 for preparers that develop an accounting policy based on the Framework

Interest Rate Benchmark Reform which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures' is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform.

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets') effective for the annual period beginning on or after 1 January 2022 amends IAS 1 'Presentation of Financial Statements' by mainly adding paragraphs which clarify what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16 'Property, Plant and Equipment') effective for the annual period beginning on or after 1 January 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc, are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2 'Inventories'. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.

- IFRS 9 'Financial Instruments' – The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 'Leases' – The amendment partially amends Illustrative Example 13 accompanying IFRS 16 'Leases' by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

The above amendments and improvements do not have a material impact on the financial statements.

g) [Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company](#)

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2020 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

## 2.2 [Employee benefit](#)

The Company operates a funded contributory provident fund scheme for its permanent employees. The Company and employees make equal monthly contributions of 8.33 percent of the basic salary, towards the fund. The Company's contribution is charged to the statement of profit or loss.

## 2.3 [Provisions](#)

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events and it is probable that outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However, provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

## 2.4 [Taxation](#)

### [Current](#)

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

### [Deferred](#)

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in statement of comprehensive income or directly in equity, respectively.

## 2.5 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

## 2.6 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

## 2.7 Fixed assets

### Property, plant, equipment and depreciation

Property, plant and equipment except freehold land, buildings and capital work-in-progress are stated at cost less accumulated depreciation and any identified impairment loss. Freehold land is stated at revalued amount less any identified impairment loss, buildings are stated at revalued amount less accumulated depreciation and any identified impairment loss, while capital work-in-progress is stated at cost less any identified impairment loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to the statement of profit or loss during the period in which they are incurred.

Increases in the carrying amounts arising on revaluation of operating fixed assets are recognised, net of tax, in other comprehensive income and accumulated in surplus on revaluation of operating fixed assets in shareholders' equity. To the extent that increase reverses a decrease previously recognised in the statement of profit or loss, the increase is first recognised in the statement of profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the statement of profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from surplus on revaluation of operating fixed assets to retained earnings.

## Depreciation

Depreciation on all operating fixed assets is charged to the statement of profit or loss on a reducing balance method so as to write off cost / depreciable amount of an asset over its estimated useful life at the rates as disclosed in note 15.1 Depreciation on additions is charged from the month in which the asset is put to use and on disposal up to the month of disposal. The residual values and useful lives are reviewed by the management, at each financial year end and adjusted if impact on depreciation is significant.

## De-recognition

An item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the asset) is included in the statement of profit or loss in the year the asset is de-recognized.

## 2.8 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition an intangible asset is carried at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized from the month, when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Company. The useful life and amortization method is reviewed and adjusted, if appropriate, at each reporting date.

## 2.9 IFRS 16 “Leases”

The Company has adopted IFRS 16 from 01 July 2019. The standard replaces IAS 17 ‘Leases’ and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognized in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognized lease liabilities (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under IFRS 16 will be higher when compared to lease expenses under IAS 17, as the operating expense is now replaced by interest expense and depreciation in the statement of profit or loss. For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities. For lessor accounting, the standard does not substantially change how a lessor accounts for leases.

The adoption of IFRS 16 has no financial impact on the financial statements of the Company.

## Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of-use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

#### Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

## 2.10 Investments and other financial assets

### a) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

### b) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

### Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

#### Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

#### Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

#### Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other expenses) in the period in which it arises.

### Equity instruments

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

#### Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent

reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

#### Fair value through profit or loss (FVTPL)

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

### 2.11 Financial liabilities - classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

### 2.12 Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade debts and other receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### 2.13 De-recognition of financial asset and financial liabilities

#### a) Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

#### b) Financial liabilities

The Company derecognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

### 2.14 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legal enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

## 2.15 Investment properties

Land and buildings held for capital appreciation or to earn rental income are classified as investment properties. Investment properties except land, are stated at cost less accumulated depreciation and any recognized impairment loss. Land is stated at cost less any recognized impairment loss. Depreciation on buildings is charged to the statement of profit or loss applying the reducing balance method so as to write off the cost of buildings over their estimated useful lives at a rate of 5% per annum.

## 2.16 Equity investments in associated companies

The investments in associates in which the Company does not have significant influence are classified as FVTOCI.

## 2.17 Inventories

Inventories, except for stock in transit, waste stock and rejected goods are stated at lower of cost and net realizable value. Cost is determined as follows:

### Stores, spares and loose tools

Usable stores and spares are valued principally at weighted average cost, while items considered obsolete are carried at nil value. In transit stores and spares are valued at cost comprising invoice value plus other charges paid thereon.

### Stock in trade

Cost of raw material is based on weighted average cost.

Cost of work in process and finished goods comprises prime cost and appropriate production overheads determined on weighted average cost. Cost of goods purchased for resale are valued at their respective purchase price by using first-in-first-out method.

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock and rejected goods are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

## 2.18 Non-current assets held for sale

Non-current assets classified as assets held for sale are stated at the lower of carrying amount and fair value less costs to sell if their carrying amount is recoverable principally through a sale transaction rather than through continuing use.

## 2.19 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

## 2.20 Borrowing cost

Interest, mark-up and other charges on long-term finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long-term finances. All other interest, mark-up and other charges are recognized in statement of profit or loss.

## 2.21 Revenue from contracts with customers

### i) Revenue recognition

#### Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

#### Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate.

#### Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

#### Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

### ii) Contract assets

Contract assets arise when the Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

### iii) Customer acquisition costs

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

#### iv) Customer fulfilment costs

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Company that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

#### v) Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

#### vi) Contract liabilities

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

#### vii) Refund liabilities

Refund liabilities are recognised where the Company receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Company does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

### 2.22 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the statement of profit or loss.

### 2.23 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, if any.

## 2.24 Trade debts and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables generally do not include amounts over due by 365 days.

The Company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognized at amortised cost, less any allowance for expected credit losses.

## 2.25 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value which is normally the transaction cost.

## 2.26 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current accounts, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

## 2.27 Derivative financial instruments

Derivatives are initially recognized at fair value. Any directly attributable transaction costs are recognized in the statement of profit or loss as incurred. They are subsequently remeasured at fair value on regular basis and at each reporting date as a minimum, with all their gains and losses, realized and unrealized, recognized in the statement of profit or loss.

## 2.28 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the chief executive to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief executive include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those income, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Company has three reportable business segments. Weaving (Producing different quality of greige fabric using yarn), Dyeing (Converting greige into dyed fabric) and Power Generation (Generating and distributing power).

## 2.29 Ijarah contracts

Under the Ijarah contracts the Company obtains usufruct of an asset for an agreed period for an agreed consideration. The Company accounts for its Ijarah contracts in accordance with the requirements of IFAS 2 'Ijarah'. Accordingly, the Company as a Mustaj'ir (lessee) in the Ijarah contract recognises the Ujrah (lease) payments as an expense in the profit and loss on straight line basis over the Ijarah term.

## 2.30 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

## 2.31 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

## 2.32 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

## 2.33 Contingent assets

Contingent assets are disclosed when the Company has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization becomes certain.

## 2.34 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

The State Bank of Pakistan (SBP), through its Circular No. 06 of 2020 dated 10 April 2020 has introduced a temporary Refinance Scheme for Payment of Wages and Salaries to the Workers and Employees of Business Concerns (the Refinance Scheme). The Refinance Scheme is funded by SBP. Borrowers can obtain loans from the Banks and ease their cash flow constraints to avoid layoffs. One of the key feature of the Refinance Scheme is that borrowers can obtain loan at mark-up rates that are below normal lending rates. As per International Accounting Standard 20 (IAS-20) "Accounting for Government Grants and Disclosure of Government Assistance" the benefit of a Government loan at a below-market rate of interest is treated as a Government Grant. The Company has obtained this loan as disclosed in note 6.1 to the financial statements. In accordance with IFRS 9 "Financial Instruments" loan obtained under the Refinance Scheme was initially recognised at its fair value which is the present value of loan proceeds received, discounted using prevailing market rates of interest for a similar instrument. Hence, the benefit of the below-market rate of interest has been measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received. This benefit is accounted for and presented as deferred grant in accordance with IAS 20. The grant is being amortised in the statement of profit or loss, in line with the recognition of interest expense the grant is compensating.

### 44.1 REASON FOR LOW PRODUCTION

In the note of plant capacity and actual production, plant capacity of each segment has been adjusted to incorporate the impact of temporary suspension of operations due to lock down announced by the Government of the Punjab. The Company resumed its operations after implementing necessary standard operating procedures.

Under utilization of available capacity for weaving and dyeing divisions is due to routine maintenance and plant shut downs.

Actual power generation in comparison to installed is low due to periodical scheduled and unscheduled maintenance of generators and low demand.

## 45. FINANCIAL RISK MANAGEMENT

### 45.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors (the Board). The Company's finance department evaluates and hedges financial risk. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

#### (a) Market risk

##### (i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), GBP, AED, CNY and Euro. Currently, the Company's foreign exchange risk exposure is restricted to foreign currency bank balances and the amounts receivable from / payable to the foreign entities. The Company uses forward exchange contracts to hedge its foreign currency risk, when considered appropriate. The Company's exposure to currency risk was as follows:

|                                | 2020      | 2019       |
|--------------------------------|-----------|------------|

The following significant exchange rates were applied during the year:

|                             | 2020   | 2019   |
|-----------------------------|--------|--------|
| <b>Rupees per US Dollar</b> |        |        |

| Reporting date rate         | 23.92  | -      |

#### Sensitivity analysis

'If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD, GBP, Euro, AED and CNY with all other variables held constant, the impact on profit after taxation for the year would have been higher / lower by Rupees 33.052 million (2019: Rupees 104.768 million) mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

#### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is not exposed to other price risk.

#### (iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long-term interest-bearing assets except for bank deposits. The Company's interest rate risk arises from long term financing and short term borrowings. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk. Borrowings obtained at fixed rate expose the Company to fair value interest rate risk.

At the reporting date the interest rate profile of the Company's interest bearing financial instruments was:

|                                  | 2020<br>Rupees | 2019<br>Rupees |
|----------------------------------|----------------|----------------|
| Fixed rate instruments           |                |                |
| Financial liabilities            |                |                |
| Long term financing              | 702,579,112    | 787,340,140    |
| Short term borrowings            | 2,874,370,841  | 2,481,870,840  |
| Floating rate instruments        |                |                |
| Financial assets                 |                |                |
| Bank balances - deposit accounts | 570,384,699    | 91,014,638     |
| Financial liabilities            |                |                |
| Short term borrowings            | 198,250,000    | 1,162,150,000  |

#### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

#### Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit for the year would have been Rupees 2.382 million higher / lower (2019: Rupees 10.176 million lower / higher), mainly as a result of higher / lower interest income / expense. This analysis is prepared assuming the amounts of liabilities outstanding at reporting dates were outstanding for the whole year.

#### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

|                   | 2020<br>Rupees       | 2019<br>Rupees       |
|-------------------|----------------------|----------------------|

| Deposits          | 52,571,511           | 40,340,559           |
| Trade debts       | 545,599,398          | 2,133,325,884        |
| Other receivables | 1,344,778            | 572,460              |
| Bank balances     | 751,658,679          | 418,447,065          |
|                   | <u>1,415,199,716</u> | <u>2,657,252,906</u> |

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

The Company's exposure to credit risk and allowance for expected credit loss related to trade debts is disclosed in note 22.

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Company. Accordingly, the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and availability of funding through an adequate amount of committed credit facilities. At 30 June 2020, the Company had Rupees 3,101.550 million (2019: Rupees 1,863.002 million) available borrowing limits from financial institutions and Rupees 765.949 (2019: Rupees 426.877 million) cash and bank balances. The management believes the liquidity risk to be manageable. Following are the contractual maturities of financial liabilities, including interest payments. The amount disclosed in the table are undiscounted cash flows:

### Liabilities as per the statement of financial position

## 45.3 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent long term financing, and short term borrowings obtained by the Company as referred to in note 6 and note 12 respectively. Total capital employed includes 'total equity' as shown in the statement of financial position plus 'borrowings'. The Company's strategy, remained unchanged from last year. In accordance with the terms of agreement with the lenders of long term finances in connection with deferment of principal amount for twelve months, there is restriction on distribution of dividends by the Company during the relief period.

|                        |                    | 2020          | 2019          |
|------------------------|--------------------|---------------|---------------|
| Borrowings             | Rupees in thousand | 3,775,199,953 | 4,431,360,980 |
| Total equity           | Rupees in thousand | 3,959,164,038 | 3,750,889,963 |
| Total capital employed | Rupees in thousand | 7,734,363,991 | 8,182,250,943 |
| Gearing ratio          | Percentage         | 48.81         | 54.16         |

The decrease in the gearing ratio resulted primarily from decrease in borrowings of the Company.

## 46. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

### (i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

| Recurring fair value measurements<br>At 30 June 2020 | Level 1              | Level 2 | Level 3    | Total      |
|--|----------------------|---------|------------|------------|

| Financial asset                                      |                      |         |            |            |
| Fair value through other<br>comprehensive income     | -                    | -       | 37,197,516 | 37,197,516 |
| <b>Total financial asset</b>                         | -                    | -       | 37,197,516 | 37,197,516 |

| Recurring fair value measurements<br>At 30 June 2019 | Level 1              | Level 2 | Level 3    | Total      |
|--|----------------------|---------|------------|------------|
|  | ..... (Rupees) ..... |         |            |            |
| Financial asset                                      |                      |         |            |            |
| Fair value through other<br>comprehensive income     | -                    | -       | 42,572,135 | 42,572,135 |
| <b>Total financial asset</b>                         | -                    | -       | 42,572,135 | 42,572,135 |

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

**Level 1:** The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instrument was discounted cash flow analysis.

(iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 item for the year ended 30 June 2020 and 30 June 2019:

|   | Unlisted equity security<br>Rupees |

(iv) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

|--|------------|------------|--|-----------------|--|

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

## Valuation processes

Independent valuer performs the valuation of non-property item required for financial reporting purposes, including level 3 fair values. The independent valuer reports directly to the chief financial officer. Discussions of valuation processes and results are held between the chief financial officer and the valuation team at least once every six month, in line with the Company's half yearly reporting period.

The main level 3 inputs used by the Company are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity security is estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each half yearly reporting period during the valuation discussion between the chief financial officer and the independent valuer. As part of this discussion the independent valuer presents a report that explains the reason for the fair value movements.

## 47. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

### (i) Fair value hierarchy

Judgements and estimates are made for non-financial assets that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

| As at 30 June 2020                | Level 1              | Level 2              | Level 3 | Total                |

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

(ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent valuations for the items of property, plant and equipment carried at revalued amounts every three years. The management updates the assessment of the fair value of each item of property, plant and equipment carried at revalued amount, taking into account the most recent independent valuations. The management determines the value of items of property, plant and equipment carried at revalued amounts within a range of reasonable fair value estimates. The best evidence of fair value of freehold land is current prices in an active market for similar lands. The best evidence of fair value of buildings is to calculate fair depreciated market value by applying an appropriate annual rate of depreciation on the new construction / replacement value of the same building.

Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's items of property, plant and equipment carried at revalued amounts at the end of every three years. As at 30 June 2018, the fair values of the items of property, plant and equipment were determined by Messers Hamid Mukhtar and Company (Private) Limited, the approved valuer.

Changes in fair values are analysed between the chief financial officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

48. FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

(i) Fair value hierarchy

Judgements and estimates are made for non-financial assets not measured at fair value in these financial statements but for which the fair value is described in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

| As at 30 June 2020                | Level 1              | Level 2          | Level 3  | Total            |

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

(ii) **Valuation techniques used to determine level 2 fair values**

The Company obtains independent valuations for its investment properties at least annually. At the end of each reporting period, the management updates the assessment of the fair value of each property, taking into account the most recent independent valuations. The management determines a property's value within a range of reasonable fair value estimates. The best evidence of fair value is current prices in an active market for similar properties.

**Valuation processes**

The Company engages external, independent and qualified valuer to determine the fair value of the Company's investment properties at the end of every financial year. As at 30 June 2020, the fair values of the investment properties have been determined by Hamid Mukhtar and Company (Private) Limited.

Changes in fair values are analysed at the end of each year during the valuation discussion between the chief financial officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

**49. IMPACT OF COVID-19 (CORONA VIRUS)**

The pandemic of COVID-19 that rapidly spread all across the world has not only endangered human lives but has also adversely impacted the global economy. On 23 March 2020, the Government of the Punjab and the Government of Sindh announced a temporary lock down as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company temporarily suspended its operations from 24 March 2020. After implementing all the necessary Standard Operating Procedures (SOPs) to ensure safety of employees, the Company resumed its operations from 28 April 2020 and took all necessary steps to ensure smooth and adequate continuation of its business in order to maintain business performance despite slowdown in economic activity. The lockdown caused disruptions in supply chain including supply of goods to the customers resulting in a decline in sales. Subsequent to the year ended 30 June 2020, due to significant reduction in outbreak, demand for the Company's goods is fast reverting back to normal levels. Due to this, management has assessed the accounting implications of these developments on these financial statements, including but not limited to the following areas:

- expected credit losses under IFRS 9 'Financial Instruments';
- the impairment of tangible assets under IAS 36 'Impairment of Assets';
- the net realisable value of inventory under IAS 2, 'Inventories';
- provisions and contingent liabilities under IAS 37 Provisions, Contingent Liabilities and Contingent Assets'; and
- going concern assumption used for the preparation of these financial statements.

According to management's assessment, there is no significant accounting impact of the effects of COVID-19 in these financial statements.

## 50. AUTHORIZATION OF FINANCIAL STATEMENTS

These financial statements were authorized for issue by the Board of Directors of the Company on 23 September 2020.

## 51. CORRESPONDING FIGURES

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant rearrangements have been made.

## 52. GENERAL

Figures have been rounded off to nearest of Rupee.

کئی ایسے براہِ اثر کے ساتھ کام کرتی ہے جو معاشی طور پر مستند اور اپنی سپلائی چین کو برقرار رکھنے کے لئے پر عزم ہیں۔ انتظامی ٹیم اس وہابی بیماری کے اثرات کو کم کرنے اور اس مشکل صورتحال میں فلاح کی حیثیت سے سامنے آنے کے لئے ایک جامع منصوبہ ترمیم و ترمیمی ہے۔ اعلیٰ صلاحیتی سطح پر کام کرنے کے مقصد کے لئے مالی سال 21 کے لئے مکمل آرڈر پوزیشن کافی امید افزا اور معاون ہے۔ انتظامیہ کی طرف سے اٹھائے گئے مذکورہ بالا اقدامات اور ٹیکنالوجی اصلاحات کے سلسلے میں حکومت کی مثبت کارروائی کو مد نظر رکھتے ہوئے، ہم مالی سال 21 میں امید ہے کہ ہمارا مارکیٹ شیئر برقرار رہے گا۔

آؤٹ

کئی کے بیرونی (external) آؤٹرز ریاض احمد ایڈیٹور، چارٹرڈ اکاؤنٹنٹس آف پاکستان اور ایف ایس ایم اے میں ریٹائر ہو جائیں گے۔ ایگزیکٹو ایکٹ، 2017 کے تحت دو بارہ تقرری کے اہل ہونے کی بنا پر انہوں نے 30 جون 2021 کو ختم ہونے والے مالی سال کے لیے کئی کے آؤٹرز کے طور پر اپنی خدمات پیش کی ہیں۔ بورڈ آف ڈائریکٹرز نے ان کی دوبارہ تقرری کے لیے آؤٹ کئی کی سفارشات کی توثیق کی ہے۔

آؤٹرز نے تصدیق کی ہے کہ ایف ایس ایم اے ایگزیکٹو آف چارٹرڈ اکاؤنٹنٹس آف پاکستان کے کوآپریٹو کنٹرول ریویو پروگرام کے تحت تسلی بخش دوپہ بند ہی دی گئی ہے اور وہ آؤٹ اور سائٹ بورڈ آف پاکستان سے رجسٹرڈ ہیں۔ یہ فرم انٹرنیشنل فیڈریشن آف اکاؤنٹنٹس (IFAC) کی جانب سے جاری کردہ مضابطہ اخلاق سے مطابقت رکھتی ہے۔ مزید یہ کہ وہ کئی کو کوئی متعلقہ خدمات فراہم نہیں کر رہے۔ آؤٹرز نے یہ بھی تصدیق کی ہے کہ سال کے دوران کسی بھی وقت فرم یا اس کے کسی پارٹنر ان کے شریک حیات یا ناخالص بچوں نے کئی کے حصص میں تجارت نہیں کی یا اپنے پاس نہیں رکھے اور یہ کہ فرم کو کوئی پارٹنر یا اس آؤٹ میں حصہ لینے والا کوئی شخص کئی کے چیف ایگزیکٹو آفیسر، چیف فنانس آفیسر، انٹرنل آؤٹ کے ہیڈ، کئی سیکرٹری یا کسی ڈائریکٹر کا قریبی رشتہ دار یعنی شریک حیات، والدین، نذر کفالت یا خود کفیل اولاد نہیں ہے۔

اعلیٰ تشکر

بورڈ اپنے قابل قدر حصص داران، بینکوں، مالیاتی اداروں اور خریداروں کا تہہ دل سے شکر گزار ہے جن کے تعاون اور مسلسل حمایت نے کئی میں مسلسل بہتری لانے میں اہم کردار ادا کیا ہے۔ ذریعہ نور سال کے دوران منجمنٹ اور ملازمین کے درمیان تعلقات خوشگوار رہے اور ہم اپنے ملازمین کی محنت، لگن اور ثابت قدمی کے لیے ان کی خدمات کے معترف ہیں۔

### نان ایگزیکٹو/ آزاد ڈائریکٹرز کا معاوضہ

بورڈ آف ڈائریکٹرز نے "ڈائریکٹرز کے معاوضہ سے متعلق پالیسی منظور کی ہے، جس کی اہم خصوصیات درج ذیل ہیں:

- ☆ بورڈ آف ڈائریکٹرز کا کوئی واحد ممبر خود اپنا معاوضہ نہیں کر سکتا۔
- ☆ آزاد ڈائریکٹرز سمیت نان ایگزیکٹو ڈائریکٹرز کا معاوضہ کٹتی کی موزوں تجربہ کار اور اہل بورڈ ممبرز کو برقرار رکھنے کی ضرورت کے لحاظ سے اور مارکیٹ پر کٹتیس کے مساوی طے کیا جاتا ہے۔ انسانی وسائل اور معاوضہ کٹتی ہر مالی سال کے اختتام پر یا اس سے پہلے ایکسٹرنل مارکیٹ میں تقابلی معاوضے کی سطحوں کے سروے کی بنیاد پر بورڈ کو سفارشات پیش کرتی ہے۔
- ☆ کٹتی کی جانب سے منعقدہ اجلاسوں میں شرکت اور دیگر امور کے لئے ڈائریکٹرز کی طرف سے خرچ کئے جانے والے تمام اخراجات، بشمول سفری، ہوٹل چارجز اور دیگر اخراجات کٹتی سے وصول کرنے کے اہل ہوتے۔
- ☆ معاوضے پر کٹتیس کی ذمہ داری کٹتی برداشت کرے گی۔

### شاہد اخلاق

بورڈ اینڈ گورنمنٹ اور کٹتی کے دیگر ملازمین میں دیانتداری کی ترجیح کے لئے بورڈ نے شاہد اخلاق بنا کر کٹتی کی ویب سائٹ پر شائع کیا ہے تاکہ ہر شخص جو کٹتی سے منسلک ہے ان پر پیشہ ورانہ زور کار پوریت اقدام کو سمجھ سکے۔

### حصص داری کا اجمال

30 جون 2020 کو حصص داری کا اجمال ہمراہ حصص پانڈگان کی اقسام کمپنیز ایکٹ 2017 اور سیکورٹیز (کوڈ آف کارپوریت گورننس) ریگولیشنز 2019 کے مطابق اس رپورٹ سے منسلک ہے۔

### مستقبل کے امکانات

اس وقت، دنیا بھر میں ٹیکنالوجی منتوں کو واپائی بیماری کی وجہ سے بہت سی مشکلات کا سامنا کرنا پڑ رہا ہے، جو کچھ صنعتوں میں ٹیکنالوجی میں یا کچھ میں بار بار ہونے کی صورت میں ظاہر ہوا ہے۔ واپائی بیماری کے اثرات نے پاکستان سمیت امریکہ، برطانیہ اور چین کو بھی بری طرح متاثر کیا ہے۔

اگرچہ اس بحران کی شدت بہت زیادہ ہے، لیکن ہماری حکومت نے اس صورتحال پر قابو پانے کے لئے متعدد اقدامات اٹھائے ہیں، جن میں برآمدی صنعت کو علاقائی مسابقتی زخموں پر ٹیکس اور بجلی کی فراہمی، روزیہ اعظم کے 2017 کے برآمدی ٹیکس کا تسلسل، سیکورٹیز رقم اور ڈیوٹی کی واپسی، ایکسپورٹ ری ٹرانسنگ اسکیموں کیلئے کم شرحیں اور طویل مدتی قرضوں کا مؤخر شامل ہیں۔ ان تمام اقدامات سے صنعت کو موجودہ واپائی صورتحال کو قابو کرنے میں مدد ملی۔ زبردستی ٹیکس ختم ہونے کی وجہ سے نقدی بہاؤ کی پریکٹسوں کو بروقت سیکورٹیز ریٹنڈ کے بروقت اجراء سے کم کیا گیا، لیکن اس پالیسی کی طویل مدتی پابندی ابھی بھی سوالیہ نشان ہے۔

غیر ملکی منڈیوں میں ریکوری، ڈسکاؤنٹ ریٹ میں 13.25 فیصد سے 7.00 فیصد تک ایڈجسٹمنٹ، امریکی ڈالر کی بیکھری ریٹ اس سال کے آغاز پر 160.05 روپے سے اختتام پر 168.00 روپے تک ایڈجسٹمنٹ، عالمی منڈی میں خاص طور پر حریفوں کے ساتھ موافقت جیسے عناصر، اور واپائی بیماری سے مجموعی طور پر بحالی کا ٹیکسٹائل انڈسٹری پر بھی اثر پڑے گا۔

مارچ 2020 میں واپائی بیماری کی وجہ سے حاضری طور پر بندش کی وجہ سے، آپ کی کٹتی فی ایم آرمنٹوں میں سرمایہ کاری کے شرائط حاصل نہیں کر سکی۔ طلب میں کمی اور افسردہ ادوار میں غیر مستعمل پیداواری صلاحیتوں کی وجہ سے مقررہ لاگت میں اضافہ نے کٹتی کے خالص منافع پر اضافی بوجھ ڈال دیا۔ تاہم، اگلے سال کے دوران، اٹھانے پر امید ہے کہ کٹتی مستعمل صلاحیت سے فائدہ اٹھا سکے گی اور مکمل صلاحیتیں سطح پر کام کرے گی جس سے پیداواری لاگت میں کمی آئے گی۔

## ڈائریکٹرز کا معاوضہ

ڈائریکٹروں کا معاوضہ بذات خود بورڈ ممبرز طے کرتے ہیں۔ تاہم، کارپوریٹ گورننس کے کوڈ کے تحت کوئی بھی ڈائریکٹر اپنا معاوضہ خود طے کرنے کے لئے حصہ لینے کا مجاز نہیں ہے۔ کئی نان ایگزیکٹو ڈائریکٹرز کو بینک میں شامل ہونے کی فیس کے علاوہ معاوضہ نہیں دیتی بہترین ذہن کو اپنے پاس رکھنے کے لئے، کئی کی معاوضہ پالیسی مضبوط ہے جو کہ رابطہ سٹریٹ اور کاروباری ٹریڈ کے مطابق ہے۔ ڈائریکٹرز اور سی ای او کی معاوضے کی معلومات کے لئے، براہ کرم مالی گوشواروں کے نوٹس سے رجوع کریں۔

## ڈائریکٹرز تربیتی پروگرام

سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان نے 7 فروری 2019 کو آپ کی کئی کے چیئرمین اور چیف ایگزیکٹو کو ڈائریکٹرز تربیتی پروگرام (ڈی ٹی پی) سے متعلق وے وی۔ دو آزاد ڈائریکٹرز، ریاض احمد اور شہباز امیر نے مالی سال 2013 اور 2014 میں ICAP سے پہلے ہی ڈی ٹی پی مکمل کر لیا ہے۔ تاہم، باقی تین ڈائریکٹرز (کونڈ آف کارپوریٹ گورننس) ریگولیشنز، 2019 میں مذکور نام فریم کے اندر تربیت حاصل کریں گے۔

## آڈٹ کمیٹی

بورڈ نے مندرجہ ذیل ممبروں پر مشتمل ایک آڈٹ کمیٹی تشکیل دی ہے۔

جناب ریاض احمد چیئرمین

جناب رشید احمد ممبر

جناب شہباز امیر ممبر

آڈٹ کمیٹی بورڈ آف ڈائریکٹرز کے طے کردہ طریقہ کار کے مطابق کام کرتی ہے۔ یہ کوڈ آف کارپوریٹ گورننس کی بہترین پریکٹس اور متعلقہ قانونی ضروریات، اکاؤنٹنگ پالیسی اور پریکٹس میں تبدیلی، لاکھ اکاؤنٹنگ سٹینڈرڈز اور اسٹاک کے قواعد کی نگرانی پر توجہ مرکوز کرتی ہے۔

یہ بورڈ آف ڈائریکٹرز کو برونی آڈیٹرز کی تقرری سے متعلق سفارشات پیش کرتی ہے۔ دیگر اہمہ اہم امور میں انٹرنل آڈٹ فنکشن، کئی کے اثاثوں کا انٹرنل کنٹرول سسٹم کے ذریعے تحفظ اور مالیاتی اور آپریشنل کنٹرول، اکاؤنٹنگ کا نظام اور پورٹفول کے طریقہ کار، کاروباری منصوبوں کا ابتدائی جائزہ اور بورڈ کی توثیق اور تجدید کی اشاعت سے پہلے سرمایہ، ششماہی اور سالانہ کارکردگی کا جائزہ لیتی ہے۔

زیر غور سال کے دوران آڈٹ کمیٹی کے چار اجلاس منعقد ہوئے ان میں ہر ممبر کی حاضری درج ذیل ہے:

لاک ڈاؤن کے بعد آپریٹنگ بحالی پر، یہ ڈویژن اپنی پوری صلاحیت سے کام کر رہا ہے اور پیش گوئی ہے کہ اس کی پیداواری صلاحیت کارجمان آئندہ مالی سال میں بھی جاری رہے گا۔ اس کے علاوہ، کھیتی کے BMR منصوبے کے تسلسل میں، کھیتی کی انتظامیہ نے اپنی موجودہ، پرانی لوہڑ کو 62 فی ایکریٹ لوہڑ کے ساتھ تبدیل کرنے کا فیصلہ کیا ہے۔ یہ نیز رتنار لوہڑ کھیتی کو بہتر آپریٹنگ کارکردگی حاصل کرنے میں مدد فراہم کریں گی۔

### ڈانگ ڈویژن

کوویڈ 19 وبا کی بیماری کی وجہ سے ہونے والی عالمی معاشی ست روی کے اثرات بھی ڈانگ ڈویژن میں نمایاں ہیں۔ عالمی کساد بازاری کی وجہ سے، ڈویژن کے کچھ برآمدی آرڈرز موخر کر دیئے گئے، جس نے ڈویژن کی کارکردگی کو منفی متاثر کیا۔

تاہم، وبا کی بیماری کے اثرات کم ہونے لگے ہیں اور اس کے نتیجے میں بین الاقوامی برائڈز نے رجسٹرڈ آپریٹرز کو بارہ شروع کر دیئے ہیں۔ معاشی بحالی کے رجحان کو مد نظر رکھتے ہوئے، کھیتی کو امید ہے کہ وہ مالی سال 21 میں ڈانگ ڈویژن کی آپریٹنگ صلاحیت کا 80 فیصد استعمال کر پائے گی۔

### جزیرہ ڈویژن

حکومت پاکستان نے برآمد پمپنی شیوں کے لئے ستمبر 2020 سے موثر بجلی کے نرخوں کو 17.5 امریکی سینٹ فی کلواٹ سے 19.0 امریکی سینٹ فی کلواٹ تبدیل کر دیا ہے۔ جبکہ گیس کی قیمتیں 6.5 امریکی سینٹ فی MMBTU پر برقرار رکھی گئیں۔ یہ قیمتیں باقی مالی سال 21 تک لاگور ہیں گی۔ چونکہ بجلی کے نئے نرخ گزشتہ نرخوں سے 20 فیصد زیادہ ہیں، اس وجہ سے مالی سال 21 میں کھیتی کے منافع مارجن میں کمی واقع ہوگی۔

زیادہ سے زیادہ کارکردگی حاصل کرنے اور مارکیٹ میں مسابقت پذیری ہونے کے لئے، آپ کی کھیتی نے 2.5 میگا واٹ گھاس کے حامل دو نئے گیس انجن خریدے ہیں جس سے ایدہ من کی اگست میں 20 فیصد کمی واقع ہوگی۔

### انفارمیشن ٹیکنالوجی

آپ کی کھیتی بر وقت اور موثر فیصلوں میں مدد کرنے والے موثر آئی ٹی نظام کے حصول کے لئے مستقل کوششیں کر رہی ہے۔ ملازمین کو بہترین کارکردگی کے لئے جدید ترین سہولیات فراہم کی ہیں۔ آپریٹنگ میں استعمال ہونے والی پیداواری سامان اور مشینری تکنیکی طور پر اعلیٰ درجہ کے سافٹ ویئر کے ساتھ لیس ہیں، جو پیداوار کے عمل کے لئے حقیقی وقت میں معلومات فراہم کرتی ہے۔

کھیتی کا انٹرایٹ سسٹم کھیتی کی پالیسی اور طریقوں اور دیگر معلومات فراہم کرنے میں مددگار ثابت ہو رہا ہے۔

### انسانی وسائل اور تربیت

تقریباً 1,850 ملازمین کھیتی کا حصہ ہیں۔ کھیتی کا ماننا ہے کہ اس کے مستقبل کی بہتری میں یہ انسانی وسائل اہم ترین جزو ہیں۔ آپ کی کھیتی کی ایچ آر ایم اہمیتی بنی بنی اور تجربہ کار لوگوں پر مشتمل ہے۔ جو ملازم کاروباری عمل کے ساتھ مل کر کام کرتے ہیں۔ تاکہ کھیتی کے اہداف حاصل کر سکے۔ کھیتی ہر فرد کے احترام کو برابر کا موقع فراہم کرنے اور اچھی کارکردگی کے ماحول کو بران چڑھنے کو خصوصی اہمیت دیتی ہے۔ اسکے ساتھ ساتھ ملازمین کو ہر سطح پر آگے بڑھنے کے مواقع فراہم کیے جاتے ہیں۔ اور مختلف قسم کے تجربات سے گزارا جاتا ہے۔ جو انکا مستقبل بہتر بنا سکتے ہیں۔ جدید ترین ٹیکنالوجی اور ایچ آر ایم انفارمیشن سسٹم کے ملاحظ سے بہترین ماحول پیدا کیا جاسکتا ہے۔ جس میں افراد اپنی ذاتی اور پروفیشنل خواہوں کی تکمیل کر سکتے ہیں۔

### تربیت اور ترقی

کھیتی کا یقین ہے کہ تربیت اور ترقی کے ذریعے انسانی وسائل میں بہتری لاتے رہنا چاہئے۔ پیداوار کے تمام مراحل میں تربیت دینے کو خصوصی اہمیت دی جاتی ہے۔ اہم تکنیکی تبدیلیاں جیسے کہ یورڈینا ٹیکنالوجی اور کوآئی کنٹرول معائنہ کاروں کی تربیت کے لئے سال کے دوران موثر تربیتی پروگرام بنائے گئے ہیں۔ اس سے امیدوارانہ تربیتی حکیم کے ذریعے 6 ماہ تک کھیتی کے اندر تربیت دی جاتی ہے۔ اس سے کھیتی کو تربیت یافتہ افراد ڈھونڈنے میں مدد ملتی ہے۔ اور کسی کے چھوڑ جانے کی صورت میں متبادل موجود ہوتا ہے۔ کھیتی کے اندر عمومی نظام آگ بھٹانا ایسی امداد و صحت حفاظت اور کمپیوٹر اور تکنیکی شعبوں میں تربیتی کورس کروائے جاتے ہیں۔

## ڈائریکٹروں کی رپورٹ

کوہنور ملز لینڈ کے ڈائریکٹرز کی جانب سے 30 جون 2020 کے اختتام پر سالانہ رپورٹ معروضیہ شامل شدہ مالیاتی گوشوارے اور ڈائریکٹرز رپورٹ پیش کرنا باعث مسرت ہے۔

### ٹیکسٹائل صنعت کا جائزہ

ٹیکسٹائل انڈسٹری نے مالی سال 20 کے آغاز میں بہتر نتائج ظاہر کئے، پہلی سہ ماہی میں برآمدوں میں 0.2 فیصد اضافہ ہوا اور دوسری سہ ماہی میں 0.5 فیصد ہو گیا۔ کوویڈ 19 کے بحران نے سال کی تیسری سہ ماہی میں پاکستان کی مصیبت کو خاصا متاثر کیا جس کی وجہ سے نمونہ شرح میں 8.4 فیصد تک کی تیز ترین کمی واقع ہوئی۔ یہ کمی پاکستان کی کل برآمدات میں مجموعی گراؤت کے مطابق تھی جو 7.21 فیصد تک کم ہوئی۔ ٹیکسٹائل انڈسٹری کی برآمدات پاکستان کی کل برآمدات میں 57 فیصد کی شراکت داری کرتی ہیں۔ جو برآمدات مالی سال 2019 میں 24.25 بلین امریکی ڈالرز تک پہنچا ہے اور 22.5 بلین امریکی ڈالر رہ گئی ہیں۔

وہائی بیماری کی وجہ سے پیدا ہونے والی عالمی کشیدگی نے، خاص طور پر زیادہ خرچ کرنے والے معاشروں میں، لوگوں کی خریداری کی عادات کو تبدیل کر دیا ہے۔ لوگ بنیادی ضرورتوں پر بچت اور اخراجات کو کم کرنے کی طرف مائل ہیں، جس نے ٹیکسٹائل کے شعبے کی طلب اور برآمد کو متاثر کیا اور اس کے نتیجے میں تمام آرڈرز میں تاخیر ہوئی۔ دیگر امریکن مارکیٹوں کی مناسبت سے، کوویڈ 19 کا پاکستان کی مصیبت پر منفی اثر پڑا ہے۔

وہائی بیماری کے اثرات پر قابو پانے کے لئے، حکومت نے متعدد اقدامات اٹھائے جن میں DLTI کا بروقت اجراء، کسٹم چھوٹ اور ریٹیکس کی واپسی، کم شرحوں پر قرضے کی فراہمی اور قرضوں کا التوا شامل ہیں جس سے صنعت کو فوری طور پر تازہ کن نتائج سے محفوظ کیا گیا۔ کوویڈ 19 کے بعد انڈسٹری کو صحیح وقت پر دوبارہ شروع کرنے اور زیادہ خطرے والے علاقوں میں لاک ڈاؤن کو سہارا لاک ڈاؤن میں محدود کرنے کے حکومتی فیصلے کے نتیجے میں ضروری افرادی قوت کے ساتھ صنعت کو چلانے کی اجازت دی گئی، اس نے شعبے کی بحالی میں بھی اہم کردار ادا کیا۔ تاہم، لوگوں کی خرچ کرنے کی محرکات میں تبدیلی، معروضاتی سماں تک میں حکومتوں کی طرف سے ٹیکسٹائل کے شعبوں میں دی جانے والی مراعات کی وجہ سے پاکستان کی ٹیکسٹائل صنعت کا منافع دہا میں رہنے کا امکان ہے۔

کپڑے نے جدید مواصلاتی ٹیکنالوجی کے ذریعے کام کے معیار میں کمی سمجھوتہ کے بغیر کوویڈ 19 بحران کے سلسلے میں اپنی معاشرتی اور اخلاقی ذمہ داری کو بھی پورا کیا ہے۔ آن لائن بینکنگ اور گھر سے کام کرنے کی پالیسیوں نے نہ صرف افرادی قوت کو مہلک بیماری سے بچایا بلکہ وہائی بیماری کی روک تھام کے مجموعی مقصد میں بھی حصہ لیا۔

### آپریٹنگ اور مالی نتائج

اختتام مالی سال 30 جون 2020 کے دوران، کپڑے کی فروخت اور مجموعی منافع ہاتھ میں 11,997 ملین روپے اور 1,866 ملین روپے رہا ہے۔ مقابلہ پچھلے مالیاتی سال 2018-19 کی فروخت 13,952 ملین روپے اور مجموعی منافع 2,013 ملین روپے تھا۔ اختتام مالی سال 30 جون 2020 کے دوران، کپڑے کا خالص منافع 365 ملین روپے (نی شیئر منافع 7.17 روپے) جبکہ پچھلے سال خالص منافع 728.8 ملین روپے (نی شیئر منافع 14.31 روپے) تھا۔

### ڈیویڈنڈ

کپڑے کے ورکنگ سرمایہ کی دوبارہ تعمیر اور کوویڈ 19 وہائی بیماری کی وجہ سے پیدا ہونے والی غیر متوقع پیچھے صورتحال کو پورا کرنے کے لئے، آپ کے ڈائریکٹرز نے اس سال منافع کی ادائیگی کو مؤخر کرنے کا فیصلہ کیا ہے۔

### کارکردگی کا جائزہ

30 جون 2020 کو ختم ہونے والے سال کے لئے آپ کی کپڑے کی کارکردگی کا ایک مختصر جائزہ حسب ذیل ہے:

### ویونگ ڈویژن

کوویڈ 19 وہائی بیماری کے باوجود موجودہ مالی سال میں ویونگ ڈویژن نے اپنی سادہ پر قائم موجودہ مالی سال میں اپنے مجموعی ٹرن اوور (مالی سال 19) 6,446 ملین روپے سے (مالی سال 20) 6,511 ملین روپے پر برقرار رکھنے میں کامیاب رہا۔ اگرچہ مقامی فروخت میں معمولی کمی آئی، جو 3,531 ملین روپے سے کم ہو کر 3,263 ملین روپے ہو گئی، برآمدی فروخت 2,914 ملین روپے سے بڑھ کر 3,248 ملین روپے ہو گئی جس سے مقامی فروخت میں کمی کی تلافی ہوئی۔
